

Chocolate PROTEIN SHAKE

IdaPro® MPC-80 makes a world of difference in overall protein shake quality

Milk Protein Concentrate
Best of Class

Protein shakes are a great way to provide a large amount of protein to busy active adult consumers. Our IdaPro® Milk Protein Concentrate (MPC) adds significantly to texture and provides the best stability for an aseptic beverage application, based upon the gold standard for solubility and heat stability. Our IdaPro® MPC delivers sustainable energy for a longer period of time, helps build and maintain muscle tone, and weight control.

Our unique, vertically integrated business model facilitates the creation of the freshest and cleanest-flavored proteins, with superior stability for RTD manufacturers. As evidenced by winning 1st place Best of Class for our milk protein concentrate at the 21st U.S. Championship Cheese Contest, our proteins are the premium proteins available in the market. Don't trust your project to anything other than the best.

Nutrition Facts

Chocolate Protein Shake

Serving Size: 11 fl oz shake
